Description

2023 22MLS Features and Options
Keystone Cougar Half-Ton travel trailer 22MLS highlights:

- King-Size Bed
- Theater Seating
- Booth Dinette
- Large Slide
- Pass-Through Storage

With a king-size bed, this Cougar Half-Ton travel trailer shows that you can still be comfortable even while you're away from home! The bed has wardrobes and nightstands on either side, and it also has a **privacy curtain** to section it off from the rest of the trailer. When you use the **LCI Solid Step entry** to get inside, you'll notice and appreciate the shoe cubby to your left. Right next to the booth dinette is the **pantry**, and next to the pantry is the **full bathroom** which is certainly one of the most valuable features to any trailer.

The Keystone Cougar Half-Ton fifth wheel and travel trailers are known as one of America's favorites for a reason! Some of those reasons are the exclusive features that come from Keystone, like the preparations for 4G and Wi-Fi, the in-floor heating ducts, and the **Hyper Deck flooring**. The Cougar Half-Ton has a Climate Guard protection package to keep you safe during inclement weather, and you'll also find an **iN-Command Generation 3** with global connect. Use the **21" Furrion range with Piezo ignition** to create all of those familiar meals from home, and take charge of how you camp with the **SolarFlex 200** solar power system which has been fully integrated during the building process so that you don't have to worry about trying to add it on after purchase. This system provides continuous charge to ensure the operation of 12V systems and to protect your battery.

Packages:

- Professional Grade Camping Package
- Towing with Confidence Package
- Cougar Innovation Package
- Climate Guard Protection Package

Additional Included Options:

- Electric Stabilizer Jacks
- iN Command Pro with Global Connect
-
- 2-100ah DFE Heated Lithium Batteries
